Enhancing Windham and the Mountaintop through Education, Recreation and The Arts

The Windham Foundation is a 501c3 grants based, non-profit organization dedicated to preserving and enhancing the quality of life in Windham and the Mountaintop. Founded in 2004 by passionate second-homeowners, the Foundation has awarded \$4.3m to support projects in education, recreation, and the arts. Over \$800,000 was raised and distributed to local families after Hurricane Irene. Initial funding for the Windham Path, Windham World Cup, Windham Food Pantry, WAJ Façade and Renovation, infrastructure enhancements, dental services and numerous beautification projects demonstrate our commitment to the community and the people who live here. The Windham Foundation is run by an all-volunteer Board.
